##### **Making Puppetry Meaningful**

*If you are interested in booking a staff Inset on the use of puppets in the classroom then... we have just had a fantastic lady who I would thoroughly recommend. [Julia] ran a morning session which totally energised staff and enabled the start of term to be highly amusing and entertaining which is always a winner after a long holiday!*

*The session was brilliant - just what we needed!*

Headteacher  
Godstowe Pre-prep

*I learnt how to use puppets and different ways to use them. It was useful to know how to introduce them in your lessons and also all the skills that they develop. Thank you very much. I really enjoyed the workshop.*
